

HALBERD QUINN LLP

16 Fetter Lane, London EC4A 1BR

14 April 2026

Solenne Materials Ltd, Attn: Mr Callum Bright, Group General Counsel

ENGAGEMENT: SOLENNE MATERIALS LTD v KESTREL FABRICATION GROUP

Our reference: SOL-2026-0207

Halberd Quinn LLP represents Solenne Materials Ltd in the dispute concerning the supply agreement dated 2 September 2025 for structural steel roof trusses supplied to Solenne's Deeside fabrication yard. Solenne Materials Ltd is our client. Kestrel Fabrication Group is the adverse party.

1. SCOPE

We will advise on and, if instructed, conduct proceedings arising from Kestrel Fabrication Group's rejection of the final two delivery batches under the supply agreement, and Solenne's cross-claim for the resulting delay to the Deeside roofing programme.

We do not advise on the separate insurance claim Solenne has notified to its contract works policy in respect of the same delay. That exclusion is deliberate and survives any variation of this engagement.

2. BACKGROUND

Kestrel Fabrication Group rejected batches 14 and 15 on 20 January 2026, citing non-conforming weld certification. Solenne disputes the rejection and says the certification supplied met the specification agreed in the order confirmation of 2 September 2025.

Matter SOL-2026-0207 · continued

3. THE TEAM

Ms Ines Ferraro, partner, supervises. Mr Tomas Whitlock, senior associate, has day-to-day conduct.

4. FEES

Partner GBP 610, senior associate GBP 395, associate GBP 285. We estimate GBP 95,000 to the conclusion of any adjudication, excluding counsel's fees. This is an estimate and not a cap.

5. CONFLICTS

We have checked our current adverse-party register and confirm that the firm has no existing engagement for or against Kestrel Fabrication Group. No conflict has been identified on that basis.
