Return Policy Manual 2024 -- Section 2, Return Windows by Category

PROVISION 2.4 -- ELECTRONICS, OPENED

Reference: AC-POL-2024-11

Issued: 3 June 2024

Effective: 1 July 2024

Issued by: Priya Kandasamy, Director of Returns Policy

1. THE PROVISION

An opened electronics item may be returned within 30 days of the purchase date subject to a 10% restocking fee. This is Provision 2.4 of the Return Policy Manual 2024, the Electronics opened-returns provision.

2. RATIONALE

The 30-day window aligns Electronics with the general merchandise window elsewhere in Section 2. The 10% fee reflects the depreciation on an opened electronics item observed in the 2023 markdown data.

Provision 2.4 -- continued

3. SCOPE

This provision applies to all electronics categories carried by AnyCorp Retail, in store, online and through the contact centre. Unopened electronics are governed separately by Provision 2.1 and are not affected here.
